REPUBLIC OF LIBERIA

ARMED FORCES OF LIBERIA**

As we turn the page on another academic year, I extend heartfelt thanks to all our dedicated education stakeholders — school leaders, teachers, students, parents, development partners, and community leaders — for your unwavering commitment and collaboration. Your tireless efforts have helped us weather challenges and build progress across our education system.

Looking ahead, the Ministry remains focused on improving education so that it works for every child, in every corner of Liberia. Achieving this vision requires continued partnership, but also shared responsibility — including full compliance with national regulations, respect for educational policies, and a collective commitment to quality and equity.

Together, let us build a stronger, more accountable system that offers every learner the opportunity to succeed. Thank you for walking this journey with us.

Hon. Jarso Maley Jallah

PTA Fee Guidelines
In rural communities where parents are economically disadvantaged, PTA fees should range from L\$200 to L\$500 and be charged per parent, not per student, regardless of the number of children they have in school. In urban communities, PTA fees should be charged per student at a rate of L\$250 to L\$350. However, if a parent has more than three children in the same school, they will only pay for three children.

WARNING
Schools, administrations, and PTAs are strictly warned not to charge PTA fees directly to students. All PTA fees must be collected from parents through established PTA engagements. Under no circumstances should students face any consequences, in or out of school, for their parents' failure to pay this fee. The Ministry of Education will impose serious repercussions on any school found in violation of this directive.
